

Martin Family Engineering Scholarship

\$1,500.00

This scholarship was established in 2019 by the Martin family; Shirley, Jim, Abbey, and Ben. As Shawnee Heights residents, students, and school patrons (Shirley-USD 450 Business Manager, Abbey and Ben K-12 students/graduates, and Jim active patron) the family experienced the daily impacts of the community nature and spirit of the District throughout their entire lives. The energy and assistance provided to a young growing family came through students of all ages, teachers, administrative staff, support staff, former students, parents, family friends within the District, and many more school and District related activities. This scholarship reflects the recognition of and gratitude for this life-long community influence on the family.

The Shawnee Heights Public Schools Foundation is excited to make available this \$1,500.00 scholarship to a Shawnee Heights High School graduating senior as recognition and celebration of the strength and impacts of the USD 450 community with the hope that it will further influence another generation of T-Birds. The scholarship, for educational expenses, is created to assist a senior that has been actively participating in the success of the Shawnee Heights community both inside and outside of the classroom.

The following qualifications must be met to be eligible:

Scholarship Requirements:

- 1) Graduating senior from Shawnee Heights High School.
- 2) Post High School study in engineering at an accredited school of engineering.
- 3) Grade point average of 3.00 (semester prior to graduation).
